

# STARDUST Sample# C2004,1,44,4,0

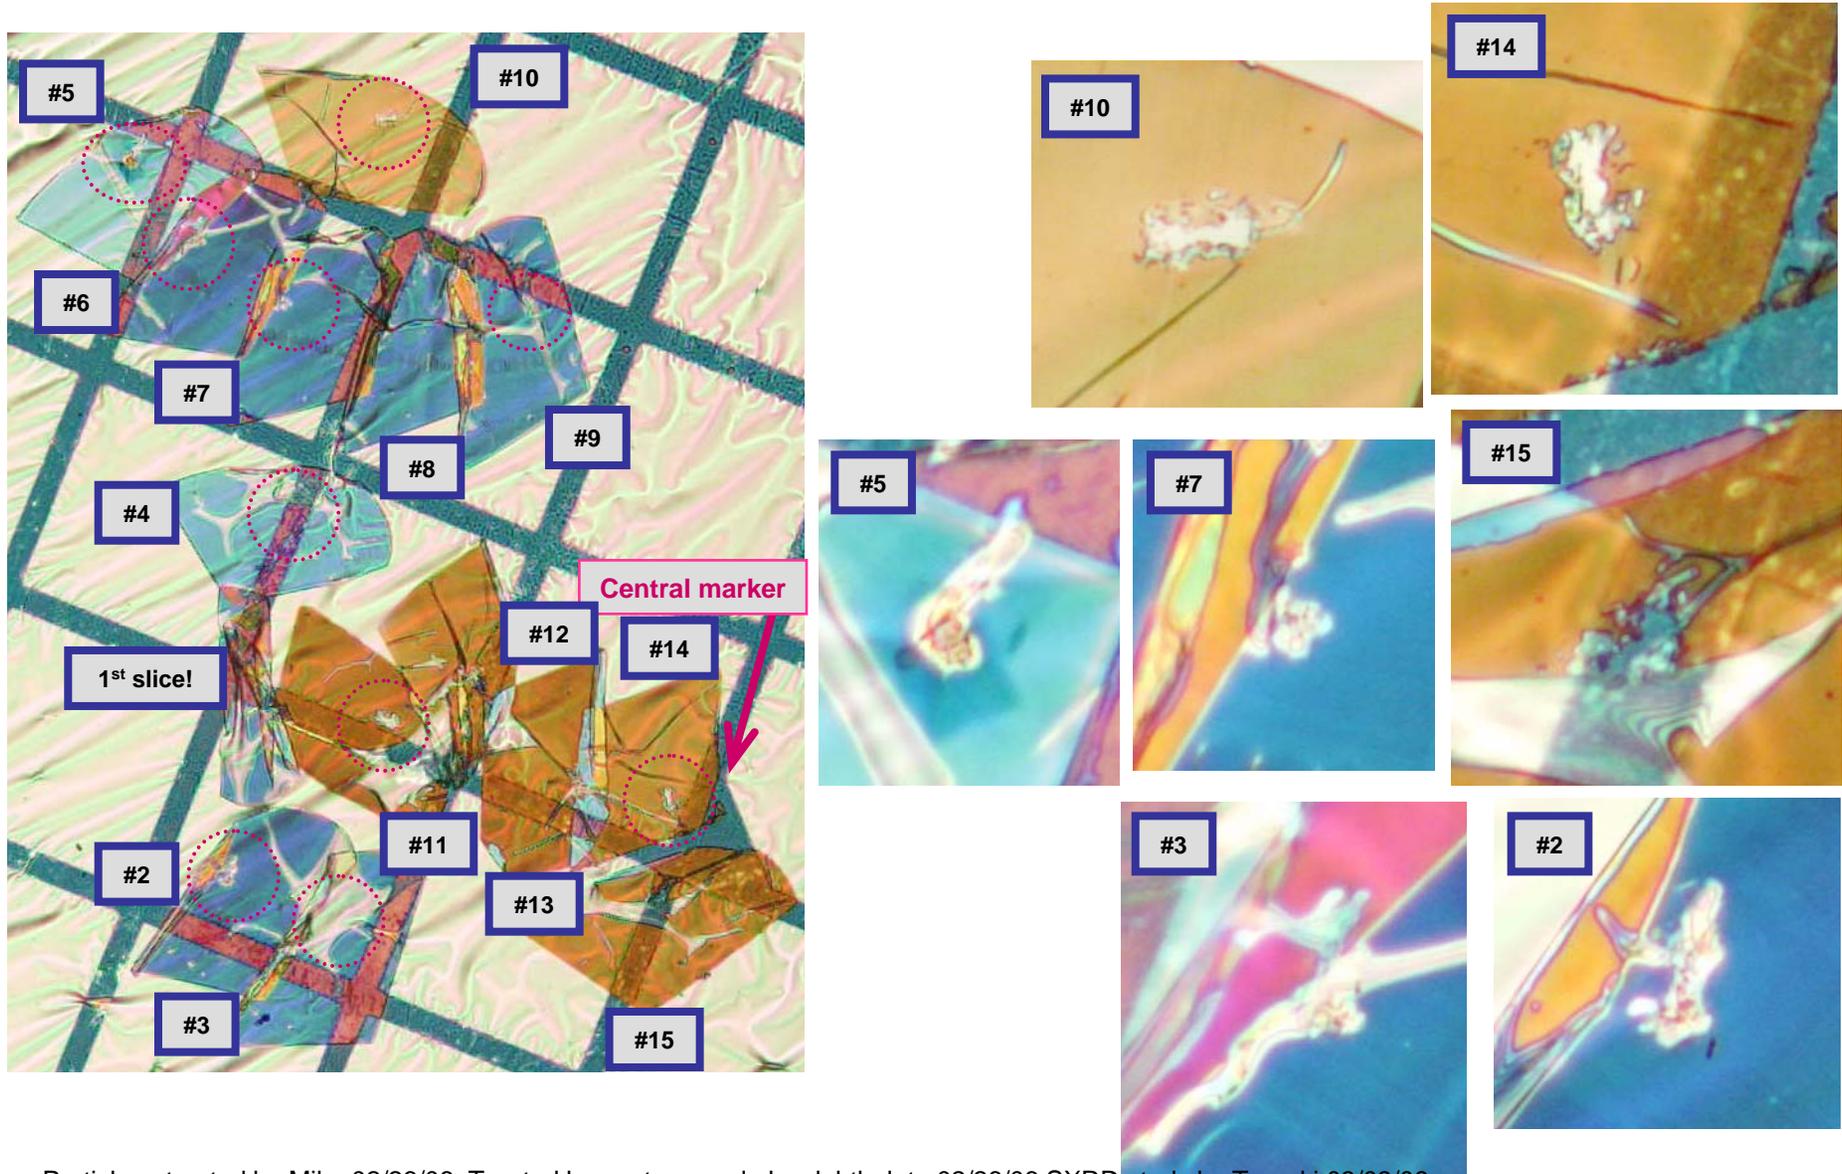

( sample studied by SXR, crystalline materials detected) **Epoxy potted butt**

Particle extracted by Mike 02/26/06 Treated by acetone and glycolphthalate 02/26/06 SXR study by Tomoki 03/03/06  
Removed from glycolphthalate using acetone 03/20/06 Embedded in epoxy by Mike 03/28/06 Ultramicrotomed by Keiko 03/29/06

# STARDUST Sample# C2004,1,44,4,1

(crystalline materials detected by SXRd on this particle) **Grid #1 Amorphous C (70nm~100nm thickness x15)**

Particle extracted by Mike 02/26/06 Treated by acetone and glycolphthalate 02/26/06 SXRd study by Tomoki 03/03/06  
Removed from glycolphthalate using acetone 03/20/06 Embedded in epoxy by Mike 03/28/06 Ultramicrotomed by Keiko 03/29/06

# STARDUST Sample# C2004,1,44,4,2

(crystalline materials detected by SXR on this particle) **Grid #2 Amorphous C (70nm thickness x11)**

Particle extracted by Mike 02/26/06 Treated by acetone and glycolphthalate 02/26/06 SXR study by Tomoki 03/03/06  
Removed from glycolphthalate using acetone 03/20/06 Embedded in epoxy by Mike 03/28/06 Ultramicrotomed by Keiko 03/29/06

# STARDUST Sample# C2004,1,44,4,3

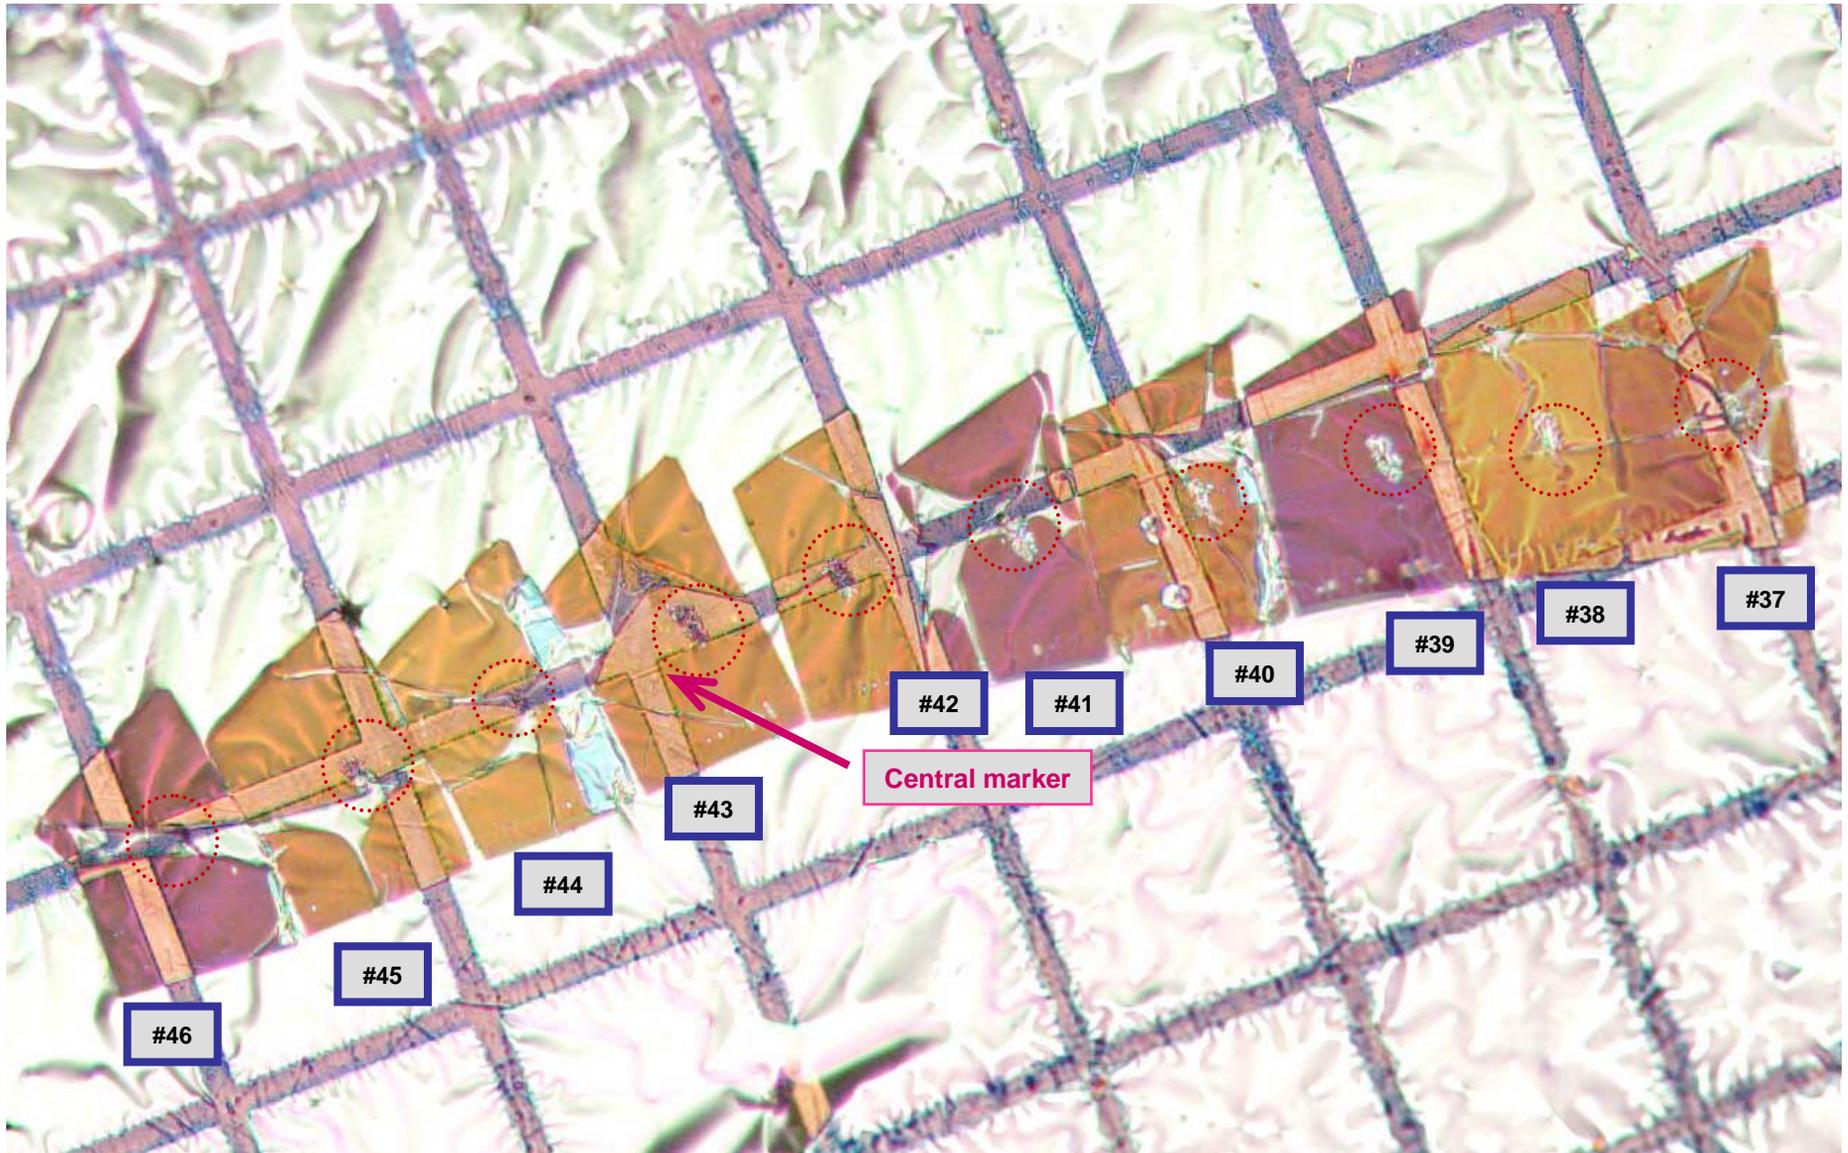

(crystalline materials detected by SXR on this particle) **Grid #3 Amorphous C (70nm thickness x10)**

Particle extracted by Mike 02/26/06 Treated by acetone and glycolphthalate 02/26/06 SXR study by Tomoki 03/03/06  
Removed from glycolphthalate using acetone 03/20/06 Embedded in epoxy by Mike 03/28/06 Ultramicrotomed by Keiko 03/29/06

# STARDUST Sample# C2004,1,44,4,4

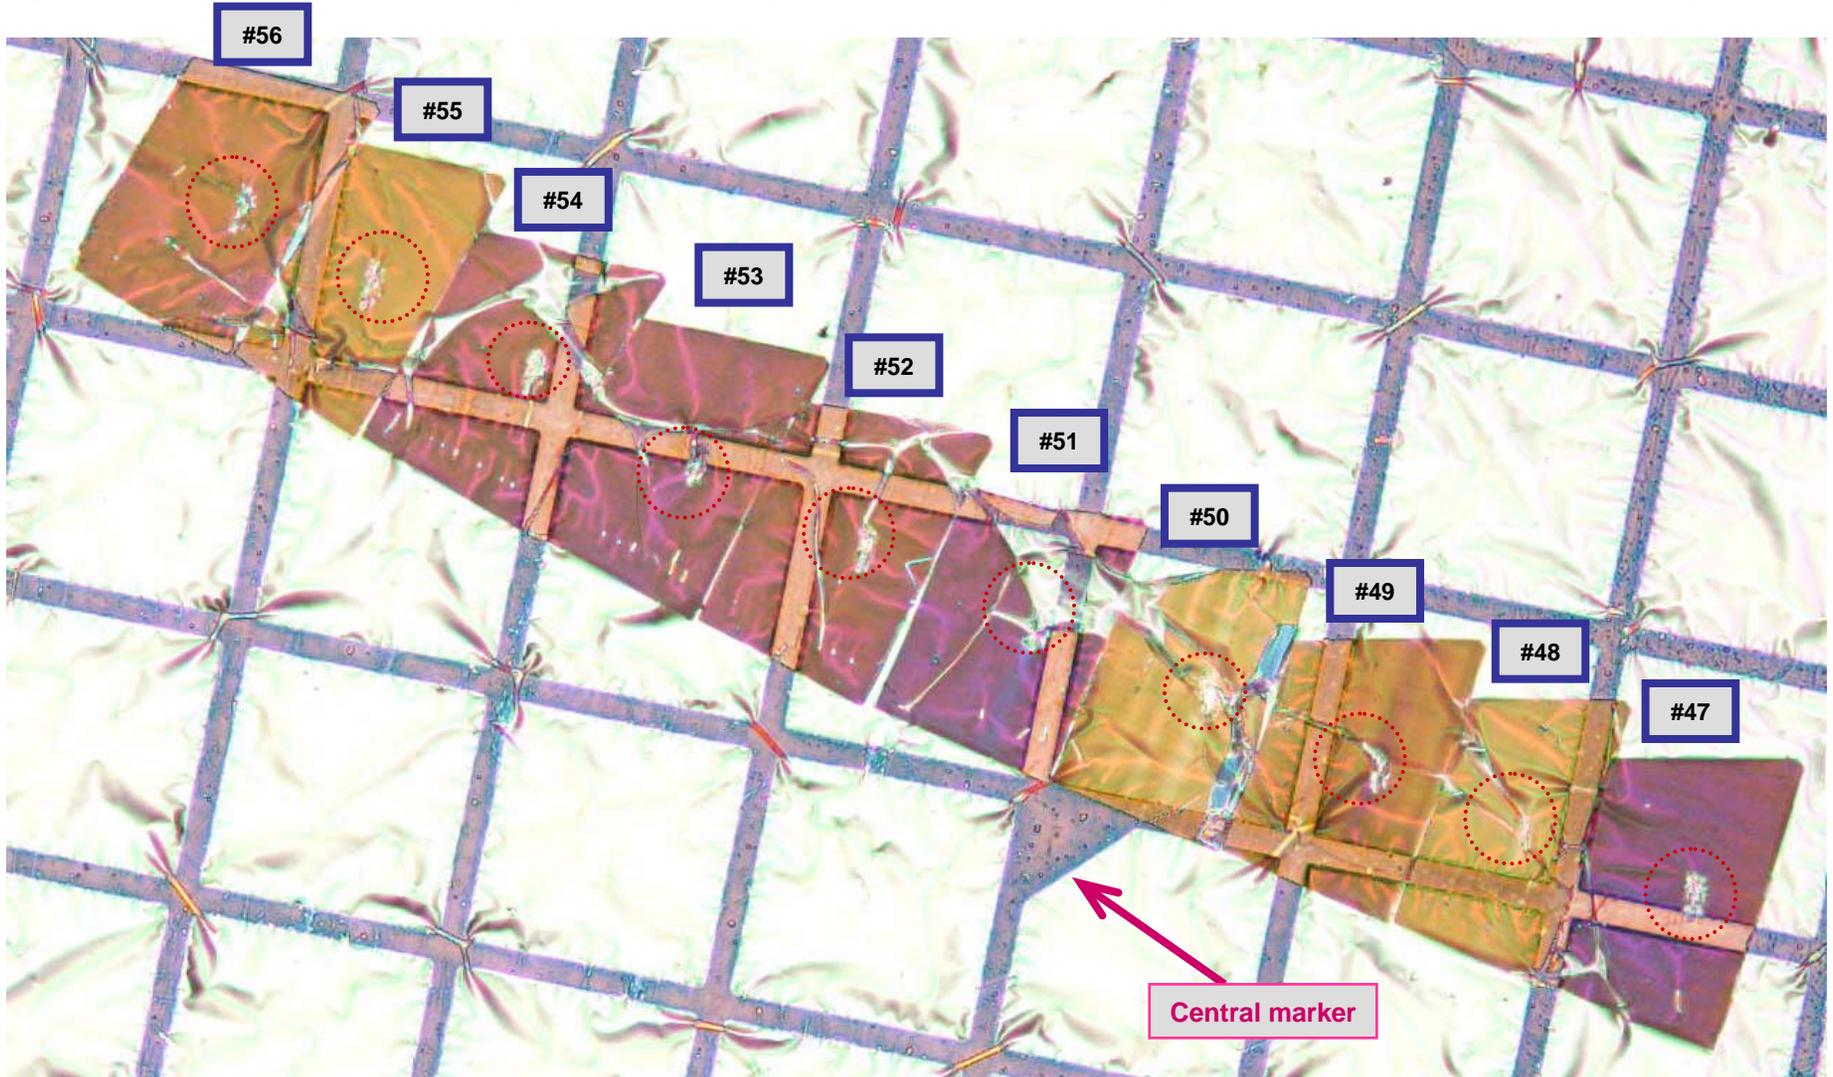

(crystalline materials detected by SXR D on this particle) **Grid #4 Amorphous C (70nm thickness x10)**

Particle extracted by Mike 02/26/06 Treated by acetone and glycolphthalate 02/26/06 SXR D study by Tomoki 03/03/06  
Removed from glycolphthalate using acetone 03/20/06 Embedded in epoxy by Mike 03/28/06 Ultramicrotomed by Keiko 03/29/06

# STARDUST Sample# C2004,1,44,4,5

(crystalline materials detected by SXR D on this particle) **Grid #5 Amorphous C (70nm thickness x10)**

Particle extracted by Mike 02/26/06 Treated by acetone and glycolphthalate 02/26/06 SXR D study by Tomoki 03/03/06  
Removed from glycolphthalate using acetone 03/20/06 Embedded in epoxy by Mike 03/28/06 Ultramicrotomed by Keiko 03/29/06
